

Post Construction Cleaning Checklist

INTERIOR ROOMS

- 1. **Ceiling and Walls:**
 - Dust and wipe down ceilings and walls to remove any settled dust or debris.
 - Check for any paint splatters or marks and carefully remove them.
- 2. **Surfaces and Trims:**
 - Clean baseboards, door frames, window frames, and windowsills from dust and dirt.
 - Wipe down and polish surfaces to ensure a clean and finished appearance.
- 3. **Windows and Window Frames:**
 - Thoroughly clean windows and glass surfaces, ensuring they are free from smudges and paint residues.
 - Polish window frames for a pristine finish.
- 4. **Cabinetry and Countertops:**
 - Clean and disinfect cabinet doors, shelves, and drawers.
 - Ensure countertops are free from dust, debris, and paint marks.
- 5. **Floor Cleaning:**
 - Vacuum and sweep to remove dust and particles from floors.
 - Mop hard floors with appropriate cleaning agents for a polished finish.
 - Deep clean carpets using steam cleaning or suitable methods.
- 6. **Light Fixtures and Hardware:**
 - Clean and polish light fixtures, switches, and electrical outlets.
 - Wipe down hardware, including doorknobs, handles, and hinges.
- 7. **Final Touches:**
 - Remove any stickers, packaging, or tape from appliances and fixtures.
 - Ensure all areas are spotless and free from construction debris.
 - Inspect for any scuffs, marks, or paint residues on walls or surfaces.

Post Construction Cleaning Checklist

Specific Zones:

- Kitchen:
 - Thoroughly clean and sanitize countertops, backsplash, and sink.
 - Ensure appliances are free from paint drips and scuffs.
- Bathroom:
 - Scrub and disinfect the mirror, sink, toilet, bathtub, and shower.
 - Ensure fixtures are sparkling clean and free from construction residues.
- Laundry Room:
 - Clean the washer, dryer, folding surfaces, and any other utilities.
 - Ensure the area is neat and ready for use.
- Garages and Storage Spaces:
 - Clear out equipment and trash.
 - Organize the space and wipe down utility areas.

Exterior:

- 1. Property Inspection:
 - Carefully check the exterior for nails, screws, and debris.
 - Collect any trash or discarded materials.
- 2. Entryway and Porch:
 - Sweep the porch area and wipe down the front door.
 - Clean exterior lights and ensure they're working properly.
 - Lay down a mat outside the front door to minimize dirt tracking.
- 3. Pressure Washing:
 - Pressure wash the driveway, porch, deck, and sidewalk to remove dirt and debris.
- 4. Windows and External Features:
 - Clean exterior windows to enhance curb appeal.
 - Ensure windows and glass surfaces are streak-free.
